☐ Aerospace

☐ Automotive

☐ Defence

☐ Energy

☐ Industrial

☐ Maritime

☐ Mining

Detailed priority ranking

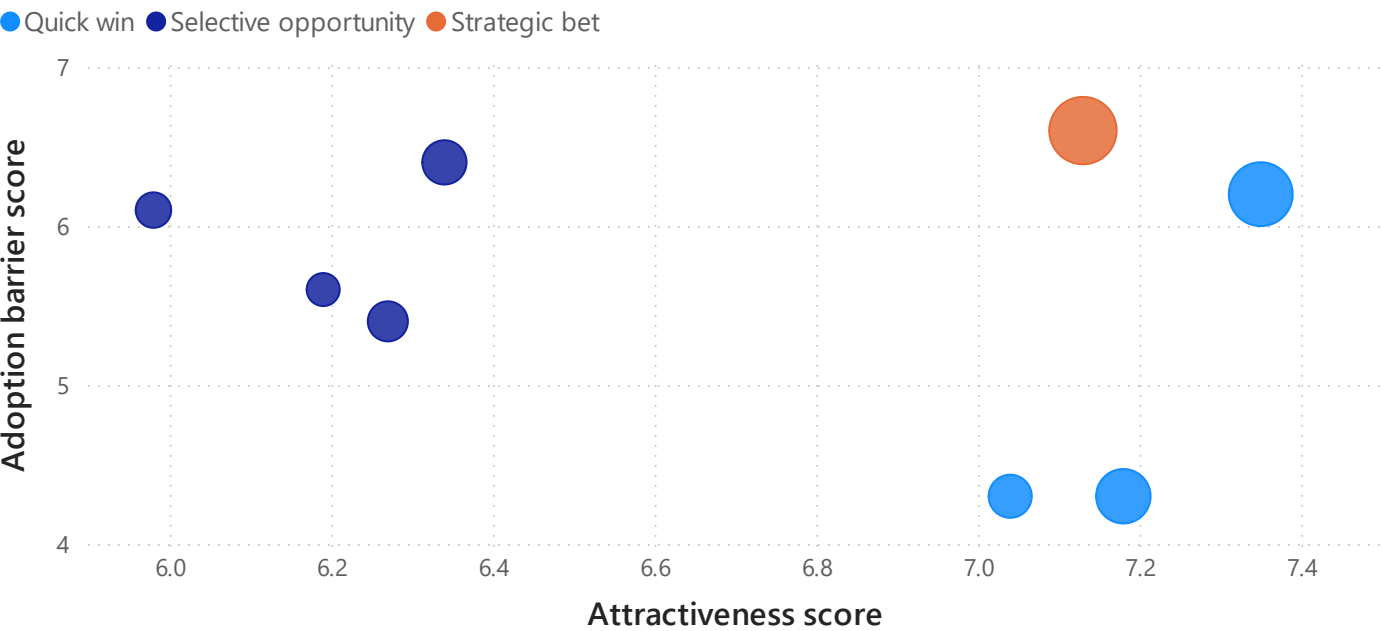

Priority rank	Segment	Priority tier	Attractiveness score	Expected pipeline value	Opportunities
1	Aerospace MRO	Medium-high priority	7.35	156K	2
2	Mining Equipment	Medium-high priority	7.18	111K	2
3	Defence Sustainment	Medium-high priority	7.13	175K	2
4	Industrial Machinery	Medium-high priority	7.04	66K	1
5	Oil and Gas Maintenance	Medium priority	6.34	70K	1
6	Maritime Repair	Medium priority	6.27	56K	1
7	Automotive Remanufacturing	Medium priority	6.19	36K	1
8	Power Generation	Low priority	5.98	43K	1

Aerospace MRO, Mining Equipment, and Defence Sustainment rank highest due to strong **strategic fit**, visible **customer pain**, and attractive **expected pipeline value**.

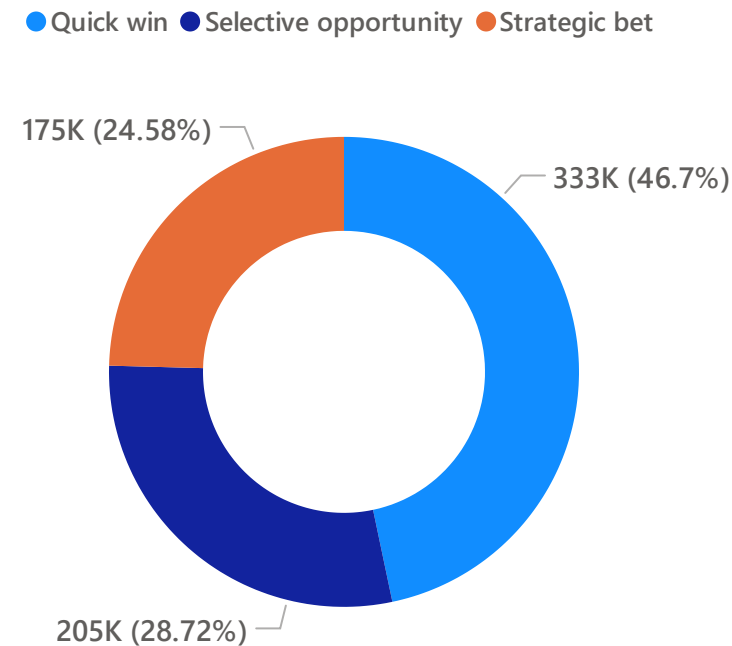

Opportunity vs Barrier Matrix

Comparing market attractiveness, adoption barriers, and expected pipeline value by segment.

Market attractiveness vs adoption barriers

Expected pipeline by quadrant

Segment-level opportunity classification

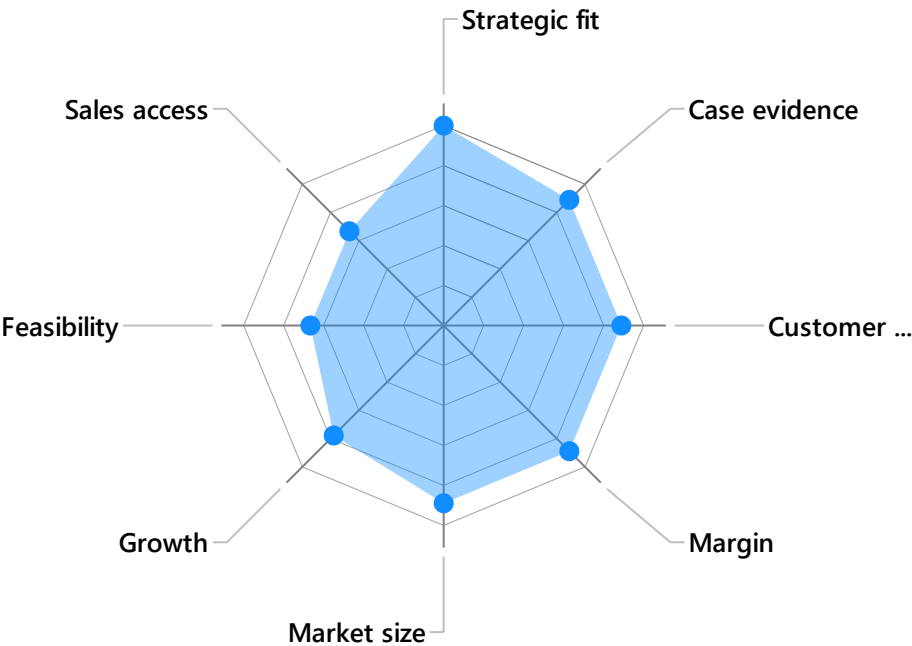

Segment	Quadrant	Attractiveness	Barrier Score	Expected Pipeline Value
Aerospace MRO	Quick win	7.35	6.20	156K
Mining Equipment	Quick win	7.18	4.30	111K
Defence Sustainment	Strategic bet	7.13	6.60	175K
Industrial Machinery	Quick win	7.04	4.30	66K
Oil and Gas Maintenance	Selective opportunity	6.34	6.40	70K
Maritime Repair	Selective opportunity	6.27	5.40	56K
Automotive Remanufacturing	Selective opportunity	6.19	5.60	36K
Power Generation	Selective opportunity	5.98	6.10	43K

Segments toward the **lower-right** combine stronger attractiveness with lower adoption barriers. **Aerospace MRO** and **Mining Equipment** appear as **quick wins**, while **Defence Sustainment** is a **strategic bet**: attractive, but harder to execute due to higher adoption barriers.

Score Driver Analysis

Comparing the market, strategic, commercial, and execution drivers behind each segment score.

Selected segment score profile

Segment selector

- ☒ Aerospace MRO
- ☐ Automotive Remanufacturing
- ☐ Defence Sustainment
- ☐ Industrial Machinery
- ☐ Maritime Repair
- ☐ Mining Equipment
- ☐ Oil and Gas Maintenance
- ☐ Power Generation

Top-ranked segments are not driven by one factor alone. **Aerospace MRO** combines strong market size, strategic fit, **customer pain**, and case evidence. **Defence Sustainment** scores strongly on **strategic fit** and customer pain, but faces higher **regulatory barriers** and **lower feasibility**.

Segment	Market size	Growth	Margin	Strategic fit	Customer pain	Sales access	Case evidence	Feasibility	Competition	Regulatory barrier	Final score
Aerospace MRO	8	7	8	9	8	6	8	6	5	8	7.35
Mining Equipment	6	7	7	8	8	7	7	8	6	4	7.18
Defence Sustainment	7	6	9	9	9	5	7	5	4	9	7.13
Industrial Machinery	7	6	7	8	7	7	7	8	6	4	7.04
Oil and Gas Maintenance	7	5	8	7	7	6	6	6	7	7	6.34
Maritime Repair	6	5	7	7	7	6	6	6	5	6	6.27
Automotive Remanufacturing	8	6	6	6	6	7	5	7	8	5	6.19
Power Generation	6	5	8	7	6	5	6	5	5	7	5.98
